Prof. W. R. Valentine,
Manual Training School,
Bordentown, N. J.

Dear Prof. Valentine:

Your letter of April 28th received.

I am very happy to know that your Band will be able to play for our Opening Game.

I have just contacted Miss Landolt of the Trenton Transit Co., 132 Perry St., Trenton, N. J. They will be able to provide a thirty-seven passenger bus with racks on which the musical instruments can be placed for \$39.00 for the day. I would appreciate it if you would get in touch with Miss Landolt directly and complete all arrangements as to time and the place for the bus to come and pick the boys up. The company will send the bill to me by the driver.

About the meal, I have made arrangements at a very nice place and I assure you the meal will be all that you would desire.

About the \$25.00 additional, that also will be satisfactory.

I am sorry to know that none of the other Members of the School will be able to attend. I had hope they would regard it as a big holiday and we would indeed been very glad to have them. I will reserve some box seats behind the Band for as many of the Official as you think would like to come. Please let me know how many, if any, there would be.
